FINANCIAL AID

WWW.FAFSA.ED.GOV

Check out both public and private sources of aid. You will see that obtaining financial aid does not have to be a complex struggle. Investigate all possible resources.

Federal Financial Aid: Filling out the **FAFSA** (Free Application for Federal Student Aid) determines your eligibility for federal and state financial aid packages.

Federal and State Grants: Awarded to college students based on unmet financial need. Grants DO NOT have to be paid back.

Work Study / Campus-Based Job: Financial aid/employment office at college can help you find a job.

Student Loans: Loans must be repaid and have interest that must be paid. Federal Student Loans are generally low interest. The important thing to remember is to borrow only as much as you really need.
